13+ ACADEMIC SCHOLARSHIPS

Academic awards are available each year to pupils entering the College at 13+ who demonstrate real scholarship potential in individual subjects as well as overall ability. While they are pupils at the College, award holders are at the heart of academic life, demonstrating both good academic progress and a strong commitment to the wider intellectual and scientific life at the College.

Common Academic Scholarships

Candidates being prepared for Common Academic Scholarships will sit papers in English, geography, history, maths, science and at least one modern foreign language (French, German, Spanish, Mandarin). Optional papers can also be sat in Latin, religious studies and classical Greek. Although optional, we encourage candidates to sit these papers where appropriate. In addition to the written modern foreign language papers there will be an oral examination set by the College.

Please note that we reserve the right to ask Common Academic Scholarship candidates to sit Common Entrance papers (in one or more papers) before confirming their place in the school.

Non-Prep School Academic Scholarships

Candidates who are not being prepared for Common Academic Scholarships will sit papers in English, maths and a general paper. Candidates will also have the option to sit a Latin paper (if appropriate). This will occur on Tuesday 7 May 2024 only.

Key dates:

Closing date for applications: Monday 19 February 2024
Assessment date: Tuesday 7 - Thursday 9 May 2024

13+ ART & PHOTOGRAPHY SCHOLARSHIPS

Art & Photography Scholarships are offered at 13+ each year to candidates who demonstrate a lively interest and enthusiasm for the subject as well as proven ability through a variety of media, ideas and approaches.

Successful candidates will be expected to show not only a reasonable technical skill, but, more importantly, an imagination, originality and a commitment to the subject that will clearly develop in future years.

At assessment, candidates will be given a practical task to complete and they will also have an interview with the Director of Art & Photography. A full and objective report should be written by the candidate's art teacher.

Prior to the scholarship assessment day, all candidates will be asked to submit their portfolios with a selection of pieces to the art department for review.

The portfolio should show a range of current work (completed within the last two years) in a range of media. Digital submissions should contain no more than 10 slides and physical portfolios should include 6-10 pieces, with a sketchbook counting as 1 piece. Please note that candidates will only be required to talk about 5 pieces of work during their interview, and we would recommend them selecting these in advance in conjunction with their current art teacher.

Portfolios and all work contained within should be clearly labelled with the candidate's name and current school.

13+ CHESS SCHOLARSHIPS

13+ Chess Scholarships are offered each year to pupils who are able to show exceptional potential as well as excellent past achievements.

We ask for a full and objective report written by the candidate's school or chess club. This will be an important part of the selection process and should give details of the candidate's achievements to date as well as the candidate's current chess grade.

Candidates will also be asked to submit a chess CV, ideally on one side of A4. This should include details of achievements to date, successes with teams at school, county and national levels, as well as any notable individual performances in tournaments.

Benefits

Chess Scholars receive extra benefits, support and opportunities to develop their chess skills, benefitting from the highest level of support and training. Scholars also act as role models for their peers and the wider school and will be expected to be fully involved in chess life at the College, including representing the school on all appropriate occasions.

13+ CHORAL SCHOLARSHIPS

Benefits

All award holders will be entitled to receive free vocal tuition from the College's specialist music teachers, at times determined by the College and in line with its normal specialist music tuition. The award is intended to be held for the duration of a pupil's time at the College but it will be reviewed at the end of each year to ensure Choral Scholars are still meeting expectations.

Assessment

Auditions will be adjudicated by a panel to include the Director of Music and the Deputy Director of Music. Candidates will be required to sing two pieces; they may also opt to perform a third piece on an instrument, but this is not a requirement. Sight-singing, and aural tests will be given, and candidates may be asked to perform some simple vocal exercises. The audition will conclude with a short interview.

Although the level of achievement and experience gained by each candidate will be assessed, potential is regarded as being of equal importance. Successful candidates will show a genuine interest in singing and a willingness to make a significant contribution to the musical and choral life of the school.
